

# Rollout Kit

This Rollout Kit will help you train your teachers on Clever.

Clever helps simplify using technology in your district by securely rostering your applications and enabling single sign-on for all your applications on Clever.

Here are some resources that you can use to roll Clever out in your district:

## Train your teachers during PD

Use this presentation and script to help your teachers understand how to use Clever during any professional development training days. Remember to add your district name and log in information before presenting.

[Download presentation](#)

## Simplify teacher login

Send teachers this PDF that helps them understand how to use Clever to log in. Download and customize it with your district's login details.

[Download here](#)

## Inform teachers how to manage Badges

Share this resource with your teachers so they can learn how to manage Clever Badges.

## Get your tech leads involved

Learn how your tech leads can customize the Clever Portal to link to relevant, school-specific resources.

[See guide](#)

## Update teachers about new applications

Make sure your teachers stay up-to-date as you sync new applications with Clever. Use our Notify button to email teachers about new applications they have access to, and customize this handy PDF to provide app-specific login instructions.

## Resource pages for teachers and schools

Inform your teachers and schools of helpful resources available to them such as as webinars and training videos, whitepapers, upcoming events, what's new with Clever, and more.
